Commodore's Report . . .

by Lew Holloway

commodore@dalhousieyachtclub.com

For those of you who may not yet know, this will be my last submission to the Breeze as Commodore.

At the August Board Meeting, I advised members of the Board that I will not be seeking re-election at the AGM currently scheduled for October 27, 2022. This was a tough decision which has required much consideration since I have devoted much time and effort over the past 6 years to DYC as Treasurer, Vice-Commodore and Commodore.

It has been truly rewarding to watch the Club transition to the financially sustainable and vibrant Club that we have today. This was achieved through the hard work and dedication of our previous Commodore combined with strong and effective Board members that were able to make the tough decisions to move us forward. Much credit must also go to the unbelievable work of our most dedicated volunteers who continue to contribute many hours of their time and expertise year after year without any expectation of reward or recognition. Their reward is to see their club prosper and to spend many happy hours with fellow members.

Of course, I will continue to participate on the Board as Past Commodore and will provide assistance and support wherever needed. Tracy and I have been privileged to get to know many wonderful members over the years, some of which have developed into great friendships. Meeting new people and forming new friends is one of the great rewards of being a member of DYC.

It has been my honour and privilege to serve as your Commodore.

Happy boating,

Lew

Join us for the DYC Annual General Membership Meeting

~ Watch for Your Invite ~

Please Join Us!

Thursday, October 20, 2022 ~ In the Clubhouse 7 - 9 p.m.

We'll be reviewing this past season's annual report, next year's budget, acknowledging our Retiring Directors and voting in our 2023 Board of Directors.

Vice-Commodore's Report . . .

By Leigh Brown

vice.comm@dalhousieyachtclub.com

You may or may not know this, but we have been fortunate to have a small group of volunteer members who returned this season as our DYC Race Committee. They've enabled our club to continue to run a race program, one of the core activities of a yacht club. Racing programs introduce and feed new crew into the sport of sailing and ultimately into becoming full boating members themselves.

Now I know, that you know, that DYC has the best members, and I wanted to take a moment to thank a very special group of members who volunteer as our race committee - Lloyd Burton, Debbie Rees, Carole Ann Parker, and Ellen Ann Fowler. A special mention is extended to Len McIntosh, who stepped in when needed to drive Brutus or assist when needed.

Ellen Ann Fowler and Debbie Rees were trained and certified to officiate yacht racing in Ontario and as a requirement to officiate, they were also trained in marine safety and first aid. Over the twenty-one years in this role, they have perfected their craft and abilities enabling them to jump into action when called upon, just as they were earlier this year when a boy drifted out of range and beyond the boating marks.

It has been a privilege, to have a committee so dedicated to the sport with their abilities in our race program. Unfortunately, Ellen Ann and Debbie have delayed their retirement for far too long, "For real this time, no more coming back!" or so they say, and so we must now find a new team of volunteers willing to take on this challenge.

Please reach out to me, if you are interested in taking on a new challenge and providing our club with a service that supports the roots of what makes a club strong.

Leigh

DYC is preparing for Our DYC 85th Anniversary Celebration

Saturday, November 19 ~ Open House 3 - 6 p.m.

If you would like to help in planning, please contact

breeze@dalhousieyachtclub.com

Four races ~ lots of sun, a couple bumps on the head ~ but all in all ~ a great day! Thanks, Sean, for bringing it back!

Treasurer's Report . . .

by Paul Demare

treasurer@dalhousieyachtclub.com

Our fiscal year ended and what a difference a year makes! DYC has seen continued improvements in its revenues over the last year, as we have continued to grow membership and attract notice from the larger boating community. As a result, our member docks were full and visiting boats kept on coming for a visit. This has translated into significantly more revenue from the restaurant and the harbour office. The Learn to Sail program returned this summer and provided some added revenue to DYC along with youth training to possible future members. Here are a few other key revenue examples:

Membership fees are up by 31% due to returning members and new members with a growing waiting list.

Restaurant sales went up by 282% from higher use of restaurant and patio.

Net gas sales went up by 173% due to more harbour traffic including larger powerboats frequenting the harbour.

To support the increased service needs of this increased membership and additional traffic, our harbour office staffing was increased, but higher revenue and increased Canada student grants absorbed this cost and supported a more vibrant clubhouse and harbour office. There were upgrades to the DYC fleet with repairs and a new outboard motor. New fencing has been purchased to better secure the yard along with some gravel repairs to fill in softer areas. A new heat pump was installed in the clubhouse along with new flooring, to continue the upgrading of DYC facilities.

Last year was another year of taking some of our revenue and adding it to the DYC investment fund for future capital expenditures. We continue to grow this fund to support the larger capital investments we have planned, such as new west side washrooms and dock replacements. As DYC continues to grow, this provides an opportunity to upgrade our facilities in order to provide better club experiences for both members and guests.

Paul

DYC Learn to Sail on the Beach at Lakeside Park
~ the end to a fun learning to sail season!

Learn to Sail . . . LTS

by Kiki Klassen

sailing.school@dalhousieyachtclub.com

What a summer!

The Jr Sailing Program was a great success! For almost every weekend we had your children on the water and for many of them, it was their first time. We wasted no time getting them on the Laser Picos, all on their own. From never having sailed before to sailing a windward leeward course, these Junior Sailors really took to helming the boat, tacking, gybing correctly and of course capsizing their boat - multiple times.

It was a real joy and privilege to be able to coach the LTS program this year. It warmed my heart to hear all the laughs, see the smiles and watch each kid fall in love with the sport the way I did when I was their age. I am looking forward to watching the sailing program grow next year, so we can further this year's student achievements and skills bring in a new group of eager sailors.

Thank you to all club members and the Board for their continued support getting LTS going again. A very special thank you to James Desjardins, Jeff Mackie, Diederik van Dijk and Kareem, for their hard work all summer making this program possible - it could not have happened without all their combined support! Until next year!

So many proud Junior Sailors, parents, and family filled the clubhouse with laughter & good ole sailor shin-an-i-gans.

Yard Chair's Report . . .

by Tom Schulz

yard@dalhousieyachtclub.com

Greetings DYC Boaters, here is some Haul Out information you have been waiting for.

The following will help prepare for haul out, currently scheduled for October 15, 16, 22 and 23 if needed. As we are looking at up to 75 lifts for the travel lift (TL), it is likely we will need 4 days.

Prior to your scheduled date, please ensure your engine is in good operating condition, fueled up, holding tank pumped out, dinghy removed, as well as anything else on deck that could fall off or you could trip over.

Make sure your sling marks are clearly identified. Mark them with tape or zip ties, on the top of your deck and side rails, so that the lift team can clearly see where to set the straps. Please measure and record the distance between your sling marks, so that when you come into the lift area you can pass that information along to the TL team to set the lift straps accordingly while the lift is still overland. This will also help to keep things running smoothly.

You must leave 4 fenders (2 port + 2 starboard, not under the sling marks) and 4 lines, attached to each side of the bow and stern, long enough (15' +) to pass to our travel lift support team on the runway, when you enter the travel lift well. You should have a minimum of yourself and 2 others to help you pass these lines and haul your boat out.

Come early the day of your lift. We are a self-help club; this is one of the key activities where you get to work with your fellow members and support one another. Plan to volunteer for the day of your lift and don't hesitate to volunteer to help on other days as well. There will be a sign-up link sent out beforehand.

Your cradle will be removed from the pile the week prior to your haul out date so you will be able to prepare it. Be sure all nuts and bolts are there and easy to loosen/tighten. Bring along your tools needed the day of haul out, to set up your cradle for efficiency. Remember to bring your pads for your cradle/jacks the day of haul out. If you require boat stands or wooden blocks, be sure your wooden blocking is available.

The power washer will be available to wash your haul, possibly with a volunteer crew, yet to be appointed. The water in the yard will be shut off within the next couple of weeks after haul out, keep this in mind when winterizing your boat. We will notify you of this date as it approaches.

We will be having an In person / Virtual Haul Out information night this Thursday, October 6th, at 6 p.m., in the Members Lounge to provide further details on what you can expect for your lift, how to prepare your boat, haul out and docks out information.

Tom

Your responsibility is to have your boat ready prior to the date assigned, so that on that date our yard crew can call upon you to bring your boat over to C Dock north and into the travel lift well for lift out.

Please contact myself or Leigh, if your boat is not listed for haul out or if you have questions.

Note the tentative schedule shown below indicating haul out dates for each boat. This is by no means an hourly schedule as we are not sure of precise timing or order.

TENTATIVE SCHEDULE

15-Oct	16-Oct	22-Oct	23-Oct

The 2022 Season.

DOCKS OUT ~ SATURDAY, OCTOBER 22

Just like we did last year, we will be taking docks out while our member's boats are still being hauled out. So we'll want to be sure that all boats, hoses, lines, fenders and anything else placed on the floating docks of A and C South are removed, prior to the morning of Docks out Saturday October 22, 2022.

Here's a link to the online signup sheet. Please have a look over the roles and volunteer for roles you've lead or participated in the past.

This will help the dock committee assign leads and build teams for the event.

It is the same day as a Haul Out day, so if you've hauled out the 15th or 16th, we'd appreciate your help in getting this fun filled task done.

<https://www.dalhousieyachtclub.com/events/volunteer-sign-up-for-docks-out-2022>

If you are new to this work event . . .

be sure to let us know you're interested via the sign up link

and join us on the Information Night

Thursday October 6th 2022 at 6PM in the DYC Member's Lounge

in the clubhouse.

You can get a better overview of the planning, ask questions

and chat with others who have done this work in the past.

MAST DOWN, RACKS + SAFETY
BUDDY UP!
REACH OUT TO SOMEONE WHO
KNOWS HOW TO USE
THE MAST CRANE

Message from Docks & Digital . . .

By Thom Hounsell

docks@dalhousieyachtclub.com

digital@dalhousieyachtclub.com

Sailors, the season's end is fast approaching and that means it's time to get some masts down. Beginning this week, the club patio will have a reduced footprint to enable the mast crane to be used for your mast down needs.

Please make sure you buddy up with one or two other members who have experience in using the crane. To aid in helping you find members to buddy up with, below is a list of all the sailboats planning to take masts down this season. You can find out contact information by looking up the boat name, when signed into the members' area.

Also, here's a link to a [mast crane booking calendar](#) where you can book one or more hours of crane time for one or multiple boats. You will need to sign into the [members' area](#) to create or edit a reservation.

Thom

Here's a list of Boats that will be having their masts taken down. Hopefully it will assist in you in your planning. Reach out to others, help others to be helped to keep each other safe. Remember the saying . . . teach a man to fish?

Mast Yard Set Up ~ Here's a Guide

Please save racks along the fence by the road for longest masts 50' plus. Begin to stack in center rack (#3). Put up the next set of racks (# 4, then #2) as required. Please put lighter masts higher up on the rungs or lower, leaving the middle rungs for heavier, harder to maneuver masts.

Leave space for longer heavier masts mid height and lower along the fence, on racks 1 + 2.

1. 50' + (mast length) fence
2. 40' – 50' (mast length)
3. 20' – 30' (mast length)
4. 30' – 40' (mast length) closest to clubhouse

Help to be Helped
We all want to be safe.

Aim to have a couple of experienced members,
and 3 - 4 other members or helpers,
who can work the mast crane, know the equipment,
de-mast, wrap it up, and lift the mast onto the rack.

Remember to cover up the end of your mast,
so you don't have any spring surprises.

From the Office . . .

by Patti Fagan

office@dalhousieyachtclub.com

DYC Admin Office hours remain the same throughout October. Tuesdays to Fridays, 9am - 4 pm.

I've been working on storage fees, year-end financials with our accountant, and preparing documentation and reports for our AGM.

All Full Boating Members should have received their Winter Storage invoices on September 28th.

Please let me know asap if you have not received yours. Please submit storage/haul out payment by the Thursday before your haul out, to allow payment to be received in a timely manner. Invoices must be paid in full prior to your scheduled haul out date.

Yearly Membership fee invoices will be sent out November 1st for the following groups; Life Full Boating, Full Boating, Co-Owners, Associate, Adult Dinghy and Youth Dinghy. Social Membership invoices have gone out September 1st.

E-transfer to deposits@dalhousieyachtclub.com or cheque, are the accepted methods of payment. Be sure to include your membership # and reason for payment.

Hope you get to enjoy some great boating/sailing and creating special memories with family and friends.

Happy Thanksgiving everyone!

Patti

The Last Days
Of
Summer

Oh, how we'll miss you!

A Corn-Y Cornucopia Weekend
Of Events including a Movie Night

Heliopause, Brenda and Scott,
heading south once again.
See you in the spring!

From the Editor's Desk . . .

Well, it has begun! The end of the season is upon us.

The gravel has arrived, it's been graded and raked, the dinghy dock has been removed, LTS is over, our last few fleeting sunny beautiful days are appearing with a chill in the air and the sails are coming down.

I'll look forward to working with you in the yard for Haul Out and Docks Out. The season has been kind weather-wise and we've returned to some of our most favourite DYC activities.

Wishing you all a safe and Happy Thanksgiving, as you consider all the things you are thankful for.

Patti-jo

October 2022

Sun	Mon	Tue	Wed	Thu	Fri	Sat
Plan to attend the Annual General Meeting for Club Updates and to vote our New Board in. Time to get ready for Boats Out ~ Watch for the Call for Volunteers to help out with the many tasks needed to plan for a successful Haul Out and Docks Out. They are pretty fun days, gathering together while closing out the boating season.						
2 Distance Race	3	4	5	6	7	8 THANKSGIVING DINNER
