## Commodore's Report . . .

by Leigh Brown

[commodore@dalhousieyachtclub.com](mailto:commodore@dalhousieyachtclub.com)

**Hello DYC members, friends, families, racers, cruisers, and socialites...**

February has come and gone faster than I have ever seen before and so it must be true, time flies when you are having fun, I hope you are all having a fun time wherever you winter.

Updates from a busy bunch of volunteer members will follow my short article, so please read on to learn of all the magnificent work being planned, worked on or in the books as being done.

The West Side Washroom project is breaking ground in the next week or so, and the team has a plan that will have us enjoying the new facilities before the end of spring. Member events rocked the club house with LMT on Valentine's and quite literally, throwing rocks with Ed and Emily, as they hosted curling. Wednesday is continuing to bring in a fun crowd, shooting darts and shuffling cards.

Committees are finding their stride working on communications, entertainment, maintenance and infrastructure capital planning.

You may have heard that our **Learn to Sail** program is building on last year's success and is quickly filling up both, the adult and youth programs.

There is another item that has recently shown a sparkle of hope, the Niagara Easter Seals Regatta. Tom Schulz had run this event for several years, but with a couple of high-water seasons, and other interruptions as you well know, DYC was not able to run the Easter Seals Regatta. Just a few weeks ago, a member of ours left a donation for this event prompting me to write to our community and see if there is anyone out there who would like to coordinate with the Easter Seals with some help from myself and Tom Schulz, (Home 905 934 1329 Mobile 905 933 3441), please reach out and let us know.

Here's a copy of the 2018 flyer for reference.

Oh, and did you hear, dock assignments are complete, look out for those dock invoices due this month. Bring on spring, docks in, and launch!

Yours, *Leigh and Leah Brown*

## Vice-Commodore's Report . . .

By Patti-jo Chambers

[vice.comm@dalhousieyachtclub.com](mailto:vice.comm@dalhousieyachtclub.com)

Happy March, and soon to be April! OH MY GOSH! With all the planning of wonderful events, LTS opening up for sign ups, the West side washroom project, cruising and racing planning, dock assignments, clubhouse and fleet updates, we sure have been busy! A big thank you to all involved in planning this season to date. We look forward to seeing an influx of members helping out as we prepare for Docks In and Launch. Welcome back, Harbour Office Summer Staff! Not many fleeting days of winter left . . . with each day passing, we are another closer to seeing the yard busy with members. I can't wait!!

*Patti-jo*

## Rear-Commodore's Report . . .

By Jeff Mackie

[rear.comm@dalhousieyachtclub.com](mailto:rear.comm@dalhousieyachtclub.com)

As the season quickly approaches preparations to open the Harbour Office on weekends, (Fri, Sat, Sun) starting March 31st until Boats In, have begun. At that point we will increase weekday hours as well. Please look for updates via email or in the next editions of the Breeze for hours of operation.

Cameron has accepted the role of Harbour Office/Yard Supervisor for the upcoming season. We are excited to have him returning for his 5th season with us. Please make sure you swing by the Harbour Office and say Hi! Cameron has shown to be a huge asset to DYC and we are happy to see him join us in this leadership role.

We are fortunate to have so many of our of Harbour Staff returning this season, including Aiden, Ella, Cole, Ethan and Evan. It really shows how great a place DYC is to be!!! Our commitment will continue to provide the same level of member service that we've accomplished over the last few seasons assisting members and guests with docking, transient dock management, Yard + Dock maintenance as well as shuttling members back and forth the between the East/West side, during HO hours.

Remember the best way to get ahold of Harbour Staff is on VHF CH 68 or you can call the HO 905-934-8325 ext 24.

Any inquiries or yard/dock concerns during the season please let staff know by calling the HO or you can email [harbour.office@dalhousieyachtclub.com](mailto:harbour.office@dalhousieyachtclub.com).

James Desjardins, Yard Director, and myself will be supporting staff this season. We are looking forward to an awesome year ahead.

*Jeff*

So glad you are all returning!

## Membership + Communication . . .

by Claire Camden

[membership@dalhousieyachtclub.com](mailto:membership@dalhousieyachtclub.com)

Hello Dear Friends,

Membership Count for February 2023, = 205. These include 112 SOC and 93 FB Members in financial good standing.

Allocations for slips are filling up quickly.

On February 16, at our Board meeting, Ronnie & Susan O'Byrne were approved as Complimentary Membership for Ronnie's outstanding roll as MC at Rabbie Burns Night and for his future participation at our Club events. Welcome Ronnie and Susan.

On Thursday March 30 at 19:00, please join us for Information on Cruising Adventures with Sandy Chave. "Chi Chi Maru," we will follow you!

Please attend Information Night on Thursday April 13, 2023, for Launch Schedule details and important tips on how to prepare your boat to have it ready for launch day.

Chris and I, along with other DYC Members, attended the Marine First Aid Course and are now certified Basic First Aiders. What a great course, we highly recommend it!

Spring is on the way and I can't wait to be working outdoors once again doing "Docks In" and Maintenance projects around our Club.

Cheers, *Claire*

## Docks & Digital Report . . .

by Thom Hounsell

[docks@dalhousieyachtclub.com](mailto:docks@dalhousieyachtclub.com)

**Dock Assignments** - Hello Fine Folks. Hopefully, you are all finding a way to make the most of winter – or a way to escape it! As I write this, I'm ensconced in an airport hotel with my fingers crossed that tonight's freezing rain/snow doesn't stop us from getting on a boat in Granada tomorrow.

By the end of January, every returning member had their dock deposit deposited and their dock agreement agreed upon. Thanks all for your patience with the process! With a clear line of site as to who is returning, we were able to put together a bit of a dock assignment committee to deal with the handful of new boats waiting for docks, making a few reassignments as needed, to accommodate new members. We were able to make all the new assignments with a minimum of disruption. If you didn't get a call from me, you'll probably find, in the table below that your slip is unchanged from last year.

Where possible, we did try to accommodate the slip change requests that some members included with their dock agreement. But, of course, with the docks quite full, we were quite limited in our ability to do so.

If you find yourself with a port-side tie up when a starboard-side would suit you best, feel free to reach out to other members. Perhaps there's another boater with the reverse problem or another who's glad to accommodate in the hopes it earns a smile, a friend, or maybe a case of beer 😊. And if you come to a suggested arrangement, just send me a note and we will review and make it official.

The table below lists all the boats by boat name. (If your boat has no name, look under "TBD").

**New Docks** – Don't get too excited, it's just a couple new ones for now..... Hats off to James Desjardins and team who are about to repatriate a number of floating docks that, for reasons unknown to me, have been stored on city property further up the river for some time. This will allow us to take the worst of our floating T docks out of commission and may also net us a few more fingers we can fill.

**New Web Team Members** - Please welcome Keith Metz and Anne Kalagian to the web team. Keith will be content editing, helping to keep the website content fresh and up to date. Anne is an accomplished photographer and web site designer, and she will be taking on the long-overdue task of cleaning up the website's overall look and feel.

Cheers, *Thom*

Cap badges, to declare club membership appeared early (at least early 1940s) as did the burgee (1937). The cap is from Past Commodore Richard Baker. It sits on a drawing by him of the Empress of India, a side wheeler that was on the Toronto/Port

Dalhousie passenger service.

Please mark your calendars for Thursday March 30th, 2023 at 7:00 pm in the clubhouse.

Our DYC Cruising Coordinator, Sandra, along with special guest Paul Fagan, will be hosting a seminar on all you need to know about cruising on our reciprocal cruises this summer and cruising in general.

The focus will be on the clubs we have selected, but we are always open to questions. We will discuss cruising basics, provisioning, travelling with children and/or pets, and docking procedures.

## LTS Directors Report . . .

By Marion Markarian

[sailing.school@dalhousieyachtclub.com](mailto:sailing.school@dalhousieyachtclub.com)

We're excited to say that registrations are ramping up for the Learn to Sail programs for summer 2023. To keep up with the demand, additional adult keelboat sessions have been added and we have tweaked some youth age groups to accommodate that demand.

If you or anyone you know is thinking about learning to sail this summer, please check out the registration information on the DYC website, soon.

We are still looking for a second instructor for the summer program, so encourage anyone qualified to apply!

Please visit the DYC website for all the details and to register for these exciting programs!

Please direct any questions to myself at [marion.markarian@dalhousieyachtclub.com](mailto:marion.markarian@dalhousieyachtclub.com)

## Introducing Our DYC Head Learn to Sail Instructor ~ Fiona

Hello DYC!

My name is Fiona McKay (she/her) and I am very excited to be joining the DYC team as the Head Instructor for the Learn-To-Sail Program this summer!

This position joins two of my passions, working with children and sailing, of course! I have been working with children on and off for over ten years, beginning as an Instructor-In-Training at South Port Sailing School in Tecumseh, ON when I was 15 years old.

My love affair with sailing began at the ripe old age of 7. It is now coming up on 18 years and counting! As a teenager and young adult, along with instructing sailing students of all ages and working towards my Bachelors of Business Administration, I began to participate in more and more keelboat races and regattas.

Some of my favourite and most notable regattas were the Bayview One Design Melges 24 fleet, Windsor Yacht Club's Canadian Club Overnight Race, Alum Creek Sailing Association's Old Fox Regatta in Ohio, LaSalle Mariner's Shakedown Regatta from LaSalle to Ohio, and many Invitational and Harvest Moon Regattas at South Port Sailing Club.

Outside of sailing, my passions for inclusion and equity are what lead me to pursue further post-secondary education, beginning to work towards a Bachelor of Social Work in September. I hope to integrate these passions into the sailing school, making sure my classroom, both on and off the water, is a safe place for students of all identities.

My love for the sport of sailing serves as ample motivation to grow the sport, and, thus, constantly improving my teaching and classroom strategies is always at the forefront of my instructor philosophy. I would like to thank parents and students in advance for entrusting me with the beginning of your/your child's sailing journey. I am so looking forward to a summer filled with learning, laughs, luffs, and lots of games! Cheers!

*Fiona*

## DYC Racing . . .

By Sean Furniss

[racing@dalhousieyachtclub.com](mailto:racing@dalhousieyachtclub.com)

Hello DYC,

Things are starting to fall into place. Dates are starting to appear on the [DYC calendar](#). Registration for Cornucopia is live and the Notice of Race should be up by the time you read this.

Wednesday and Distance Series items and a crew registration page will follow in March. Mid April will see a Race Registration night, it's really online, but all the more reason to have drinks among friends. And all of a sudden we're launching docks. Where did the past 120 days go?

We are getting closer to having a full Race Committee boat. We have 3 - 4 volunteers and are looking for 2 - 3 more. Please let me know if you can help in any way. It's a great way of being a part of the racing fleet and joining in on the fun.

Racing is beginning to ramp up around the lake as well. The calendars are booking up fast. Did I mention Cornucopia? It's going to be a full weekend party again. Mark it on your calendar! Sounds like we may be able to get back to DYC tradition with a start line of crazy Kirbys.

I'm looking forward to the upcoming season. If you want to be a part of racing or the fun at all, please let me know and we'll get you involved!

Have fun and take care.

### New Digital Race Start Timer

At the Feb 16 Board Meeting, the purchase of a Start Timer package to replace the Propane cannon on board Brutus was approved.

During my participation in the Sailing portion of the Canada Games at NOTL Sailing Club during August 2022, I observed the latest in the managing of sailing races. The Race Committee (RC) used a digital Race Starter. Essentially, it's a black box (literally and figuratively) fabricated by David Sprague, who travels all over the world managing races. The cost to DYC is just for the parts used in the fabrication, as David basically donates his time free. We are very lucky to have a fellow so dedicated to sailing in our area.

While I'm certainly not familiar with the details, it uses a physical horn(s), which sends signals from a computer controller/receiver (from NZ) and a battery. You can control the unit with a mobile phone through a software app. The box will be mounted on the roof of Brutus to give the maximum range. I certainly believe you can hear the horn from a distance around the Committee Boat, but since I have never raced with the device, I'm not sure of the range in different conditions. It seems to be as loud as the current signal gun. In any case the racers should be watching the flags. If there is an issue, I would think the RC could transmit the horn sound through the VHF radio on board Brutus for those skippers who have a VHF communications on Ch 68.

Below are some photos of the device. The device has been ordered from David and should be available well before the season starts. Although it is easy to operate, we will organize a training session with the designated person on Brutus when it becomes available.

## Fleet & Yard Chair Report . . .

by James Desjardins

[fleet@dalhousieyachtclub.com](mailto:fleet@dalhousieyachtclub.com)

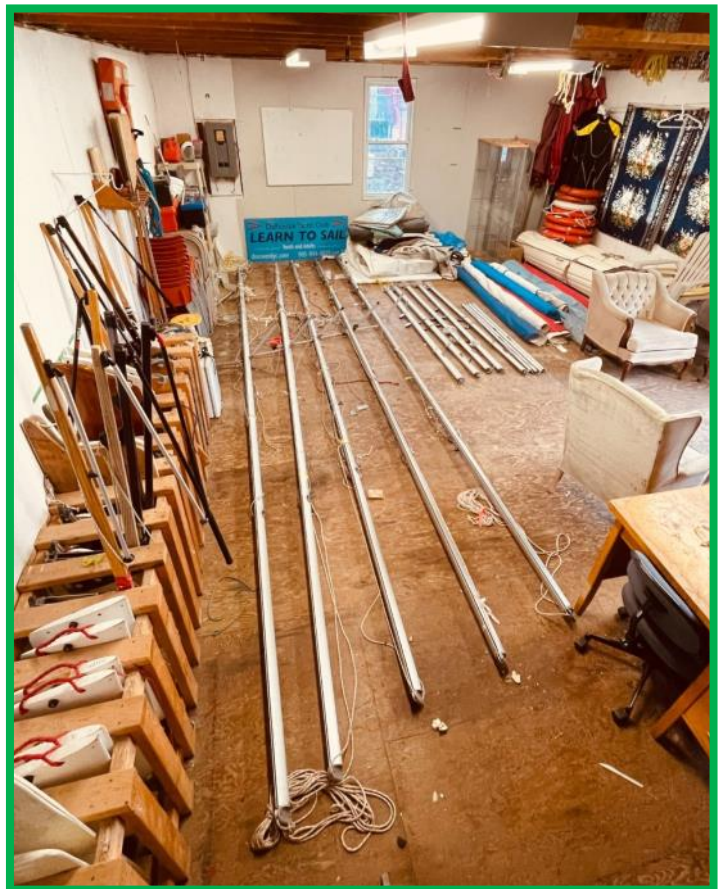

[yard@dalhousieyachtclub.com](mailto:yard@dalhousieyachtclub.com)

Trying to keep up with the demand for adult keelboat sailing lessons this summer, we have committed to having two Kirby 25 vessels lesson ready, and race ready of course! Also you can expect to see me out on our 420 fleet this spring doing plenty of testing!

The Repair and Maintenance Committee had its first meeting in February, where we discussed a prototype issue tracker and easy web form for submitting descriptions of things that should be addressed around the club. We will be coordinating with other IT initiatives like an asset management system.

The hope is that this will help get little things done quickly, like drilling gate peg holes, and minimize large repairs or hazards by establishing documented maintenance schedules for our large assets like docks, boats and cranes. The mast crane and dry-hoist will be inspected by KoneCranes in early March, in order to address any concerns and perhaps make improvements by late April.
