Commodore's Report . . .

by Lew Holloway

commodore@dalhousieyachtclub.com

Boating season is just around the corner with "docks in" scheduled for April 23rd, which will be coordinated by our Dock Director, Thom Hounsell, with help from Vice-Commodore Leigh Brown. Many volunteers are necessary to make things run smoothly so please help out if you are available.

Thom's dock assignment committee took on the difficult and time-consuming job of allocating docks according to best fit wherever practical, and for making it look relatively easy. Also, many thanks to Thom for all of the great work he has done using his considerable information technology skills to significantly improve the dock renewal process.

A committee consisting of Leigh Brown, Jeff Newkirk, Paul Demare, Richard Baker, Michael Pulo and myself have been forging ahead with plans for the replacement of the west side washrooms. Richard, a retired architect, has been instrumental in developing various design options for consideration and costing. Paul is in the process of getting quotes on the options, some requiring considerable member volunteer help with interior fit-out to save cost.

Once we have received estimates and solicited further input on preferable options, Richard will prepare the site plan and design drawings on the preferred option for the building permit application. If all goes well, and the washrooms can be replaced within budget, work will start on demolition in late Fall of 2022 with the new washrooms available in the Spring of 2023. Please keep in mind that there are many obstacles in the planning and building permit process that could derail the time schedule. However, we remain optimistic.

Past Commodore Richard Nowina, Leigh and myself are continuing with our lease renewal discussions with the City, with a meeting scheduled for early April to formally start the process.

On Saturday March 19, Ron Critchley and Richard Nowina completed the welding on 80+ feet of frames to support new fender boards along the east wall in front of the club house. Prior to this, 3 additional frames had already been welded to the seawall, which are now awaiting the fitting of fender boards. As mentioned in my previous update, other volunteers have been involved in moving forward with the completion of this important project to allow more boats to tie up on the east side.

I am very pleased to report that our new Learn to Sail Director, Kiki Klassen, is preparing a plan to allow a scaled down learn-to-sail program this summer. If you would like to assist, please do not hesitate to contact Kiki or any Board member.

House Director Brian Fleming, with the assistance of Barb McMullen, Dan Sundy, Leigh Brown, James Desjardins and Teresa Shouldice-Fleming have done an awesome job of clearing out and cleaning up the Board room in the club house. This now allows the Board to hold their April meeting in-person for the first time in almost two years. Work will continue over time as funds become available to bring the room up to an acceptable standard.

The Commodore's Ball will be held on April 9th to honour and recognize the great work done by Richard Nowina, with the unwavering support of his wife Pam. Tickets are going quickly, so if you are planning to attend, please contact the restaurant (Emily) as soon as possible.

There are a lot of other things happening because of the hard work and dedication of Board members working alone or with the assistance of member volunteers. I will save that for another update.

Thanks to everyone's skillful and talented efforts, DYC is improving every day and the stage has been set for a bright and financially sustainable future.

Happy boating, **Lew**

DYC Office Hours ~ the office will be open

Tuesday + Wednesdays, April 5th, 6th, 12th + 13th.

Thursdays will be added after Easter.

Welcome Aboard New DYC Members

We are looking forward to seeing you in the clubhouse, at DYC events, on the patio soon and on the docks. Thanks for joining us!!

There will be a Celebration of Life for Past Commodore
Norm Houghton
At DYC

Saturday May 14, 2022

Time: 1:00 p.m. - 4:00 p.m.

It is with much sadness that we advise of the passing of [D'Arcy Cashmore](#).

D'Arcy was Past Commodore,
serving DYC in 2006 / 2007.

He enjoyed sailing and particularly racing on
Wednesday evenings.

A Celebration of Life for D'Arcy was held
at our DYC clubhouse March 17th.

Miss DYC. From the Standard 1973

Sailors' Delight!

Lovely Susan Tucker smiles graciously as she is crowned queen of the Dalhousie Yacht Club by last year's monarch, Anita Soyka. The 21-year-old miss, who is a reg-

istered nursing assistant at St. Catharines General Hospital, was chosen Saturday night to represent the club in the 1973 Niagara Grape and Wine Festival queen pageant.

History Matters . . . by Dan Sundy
history@dalhousieyachtclub.com

Yard Chair's Report . . .

by Tom Schulz

yard@dalhousieyachtclub.com

One of the sure signs of the arrival of spring for boaters, aside from warming temperatures, is rising water levels. So far this seems to be a rather moderate rise, far from flood concerns at this point.

With boats still on the hard and in the interest of following best practice for boat yard safety, the Board of Governors has added two new rules to the "Conditions of Storage".

In case you did not receive this message by email, here are the rules:

Rule 12: Use of Extension Cord: Electrical power is allowed to be used on vessels only while someone is in attendance. Power cords must be in good condition and must not be left connected when the vessel is unattended.

Rule 13: Ladder Storage: Ladders must be stored and locked in such a manner that they cannot be used to gain access to boats.

Preparations are underway for "Docks In and Boat Launch". As warmer weather becomes assured, city water will be made available as well as electrical power. That being said, members will be needed to install pipes and to do additional yard maintenance. Please consider providing the Club with some valuable, much needed and "fun" hours between boat prep time. Specific needs will be posted soon.

Tom

Members Wanted for Docks In Day - April 23rd

April 23rd is our docks-in day, and we need you to join the fun.
Please use the link below to sign up:

<https://www.dalhousieyachtclub.com/events/volunteer-sign-up-for-docks-in-april-23-2022>

Volunteer Sign-up for "Docks In" April 23, 2022 | Dalhousie Yacht Club

Volunteers needed for "Docks In" day on the morning of April 23, 2021. Please let us know if you are available to assist with any of the positions listed below. The Dock Chair will contact you to confirm your assignment.

www.dalhousieyachtclub.com

New Members Wanted

Now that the dust has settled on dock allocations, we can confidently say that we have room for a few more full boating members! Our docks have been filling up fast, but we still have at least one slip free in each size category. So, if you have a friend with a boat, please let them know.

Cheers!

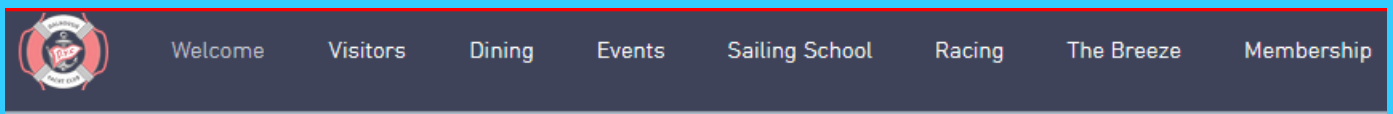

Thom

CHECK OUT OUR DYC EVENTS CALENDAR

Message from Our Race Chair . . .

By Sean Furniss

racing@dalhousieyachtclub.com

sean.furniss@dalhousieyachtclub.com

Hello DYC,

The calendar is set and Sailing Instructions for most of the races are ready. Thom is working on the Racing webpage that will act as a Race Notice Board, registration page, document centre and results page. This should be ready soon. Thanks Thom! Dianne has posted the Race Calendar on the club site for all to see. Thanks Dianne! A lot of this work couldn't have been done without Chris organizing the fun races and guiding me on past best practices, and Ellen Ann's guidance as well. Thanks again Chris and Ellen Ann! Watch for an email from me with the 2022 Race Registration coming to you soon.

When you review the schedule, you'll notice that it is much like last year. We've added 4 races, two to still be determined, a Lady Skippers Race and the crowd favorite - Cornucopia. There's a team planning a good weekend for all of us to enjoy around the Cornucopia and I'm looking forward to my first regatta here.

A key date to get into your calendar is Thursday, April 21st at 7 - 9 p.m. I invite everyone to the club, as I will present a brief regarding 2022 DYC Racing. I promise not to speak for more than 30 minutes, it's more of a chance for us to have a few drinks and answer any of your questions about racing.

We're looking for 2 - 3 volunteers to work as part of the Race Committee for this year, no experience is necessary. Ellen Ann and the team are pros and can train you. Having new people step up on committees like this is how we can perpetuate the deep learned knowledge that is required and has made the racing team here a fun place to be.

If you have any questions, wish to know more about racing, or just wish to chat about boats, please feel free to reach out to me at sean.furniss@dalhousieyachtclub.com.

See you at the club.

Best Regards, *Sean*

Please join us for a RACE INFO Night

Thursday, April 21, 2022

7 - 9 p.m.

From Our DYC PHRF-LO Officer . . .

by Chris Turner

racing@dalhousieyachtclub.com

DYC Sunday Morning / Tuesday Evening ~ Fun Races 2022 ~

Once again, we are organizing the FUN RACE Series held on Sunday mornings and Tuesday evenings for those sailors who want to find out what racing is all about and for those racers that just cannot get enough. It's good practice for your skill as a sailor, skipper and crew and builds your confidence to go out on the Lake more often. All sailing boats are welcome.

The Sunday morning races start May 15 and Tuesday evening on May 17. They will continue to the beginning of September. All races on Sunday start at 1000 hrs on Tuesday at 1800 hrs.

Races are informal without a Race Committee or start boat. Basically you start at Mark 4, proceed counter-clockwise around all the marks 3, 2, 1, 8, 7, 6 to 5 and finish at mark 4. You take your own time and send the information to the convener via email. For more information read the [Sailing Instructions \(SI's\)](#) on the [DYC website](#).

The only thing we ask is for the boat to be registered to receive a valid PHRF certificate. The Certificate allows us to handicap your vessel, so that even when sailing against other boats that are not the same class as yours, you can be competitive.

Hope to see you out on the race course in 2022,

Chris

With the 2022 Racing Season About to Begin

I hope everyone is looking forward to getting out of this cold snowy winter and undertaking a summer of sailing. I hope we can encourage more participants in racing during a full 2022 season, uninterrupted by Covid or highwater levels.

To that end, I wish to invite all racers to plan early and to request a valid PHRF- LO (Performance Handicap Racing Fleet -Lake Ontario) Certificate prior to the start of the racing season. Generally speaking, if you wish to participate in either the Wednesday championship racing series, the Tuesday or Sunday fun races, the long-distance races or any interclub racing, you will need to receive a valid Certificate. This certificate gives your boat a handicap rating that allows the Race Committee to score your performance against your competitors.

Dalhousie Yacht Club pays a fee annually to belong to PHRF-LO based on the number of boats issued a Certificate. The Club needs to recover the costs of the Certificates issued, as well as the cost of the Committee boat, fuel, equipment, marks, etc.

There will also be awards issued at the Sailors banquet at the end of the season for all race series. So therefore, if you use the certificate you should pay for it. [For all DYC racing fees refer to the fee table on the web site.](#) If you intend to be involved in racing outside the Club and not sail at any of the Club events, you will be also charged \$50.00 for your certificate.

So, apply early so we can issue the Certificates without delay. If you haven't raced in a while, we will need to measure your sails (or you could have your sailmaker issue a note), complete forms and apply to PHRF-LO. Hopefully this can be carried out at the Club at a convenient time for both parties but the process takes time. No doubt it is easier to measure sails before they go up, consider setting up a time for that beforehand.

Looking forward to some active racing in the post Covid era,
Your PHRF-LO Officer, **Chris**

Thanks Jim, for sending this in. Can't wait to see these shadows back on the clubhouse!

The Canada Summer Games are Coming to Niagara!

The Canada Summer Games team for Sailing has been working hard the last few months preparing for this event. It is only 4 1/2 months away!! It's a great group of people who are dedicated to make this a great success for the youth who will come to our clubs. This major event leads up to the Pan-Am Games and potentially, the Olympics for the competitors. There are 15 major leads on the planning team – each person being responsible for a specific area. My role is similar to an orchestra conductor for land activities and as the lead contact to the Games organizers. Dave Sprague is the orchestra conductor of water activities. Dave Jones and Josh Wiwcharyk, both members of NOLSC, have a lead role within the team.

Let me introduce you to the boats and give you some information about the competitors that will sail at the Canada Summer Games. Competitors will start to arrive August 13th and leave by August 21st. Canadian youth will represent each of our provinces and territories – so it will be a busy week with a total of 78 competitors and their coaches (12). They will be housed at Brock University and transported to and from NOLSC by bus daily. It will be a busy but exciting place. Each province will have a tent for competitors. Their boats will be dry sailed on site.

The Boats include:

29ers – The 29er is the small version of the Olympic class men's 49er and women's 49erFX. It is a two-person skiff where the crew trapezes while the skipper hikes from the wing. One unique feature in skiff sailing is that the crew trims the mainsheet from the trapeze, elevating the role of the crew compared to that in traditional doublehanded boats. The skipper and crew are on equal footing and developing a strong team that works well together is key.

Teamwork makes the dreamwork. ([29ers](#)) The launch area is the current sailing school launch ramp on Niagara River. NOLSC Sailing school is scheduled to end August 12th so the area is available. We are expecting 2 groups of 24 competitors in this group.

2.4mR - The 2.4mR is a single-handed boat that is ideal for adaptive sailing since the sailor does not move in the boat, and everything is adjustable from right in front of the sailor. Both hand-steering and foot-steering are possible. The boat is sailed without a spinnaker, but with a whisker-pole for the jib. This boat requires a special launch area with a hoyster lift which is necessary for some competitors to get into the sailboat. The launch area for this boat will be in the slip that is currently occupied by Meintje. We are expecting 7-10 competitors in this boat.

ILCA 7 This racing boat is formerly known as the Laser. NOLSC sailing programme has a number of them. We are expecting 12 competitors in this fleet, each representing a province/territory. The launch area will be the NOLSC current sailing school launch ramp on Niagara River.

ILCA 6 Formerly known as the Laser Radial. It has a shorter mast and reduced sail area. We are expecting 12 competitors in this fleet. The launch area will be the NOLSC current sailing school launch ramp on Niagara River.

Dave Sprague has identified that there will be two race courses. He is currently putting together the team of major and minor officials. The Canada Games requires a large number of volunteer officials for the on-water activities to be from all provinces, so volunteers will get to mingle and interact with many very experienced race volunteers. Dave is working with Richard Nowina in coordinating volunteers from DYC.

The NOLSC A Frame will become headquarters for race officials, protests and judges, as it is an accessible building. Accessibility is a key requirement of the Games. This is the only building that will be set aside for the week's events. Members at NOLSC will be able to enjoy their boats as they normally do although the hoist used by smaller boats will be used during launch and removal time by the 2.4mRs. Some equipment such as tents and port-a-toilets will probably start arriving about August 12th. The goal is to keep the Games as least disruptive to members so they can continue to enjoy the club and cheer on the athletes as they leave the dock each day and return after a long day of racing.

We are working closely with DYC and NOLSC to equip the race courses with the proper boats. A few members have volunteered their personal boats to help out. We are still in need for the following if you can help:

2-3 Rib/soft sided type boats 16-18 feet with suitable engine to carry 2 or 3 people.

1-2 hard sided boats – that can carry 3 to 4 people each.

If you are able to volunteer your boat – please let me know.

I'll keep you posted monthly when I can. If you have any questions or concerns, please connect with me at the link above. I'll do my best to answer your questions.

Cheers, [Maureen Shantz](#)

Canada Summer Games
Venue Lead for Sailing

Taking place at the
Niagara-on-the-Lake Sailing Club, in partnership with
the Dalhousie Yacht Club,
sailing will have events for both
able-bodied and para-athletes.

Music Night – It Sounded Good!

A fun night with rounds of music trivia well delivered with lots of laughs, tested the music skills of members. Then name that tune using guitar licks challenged the group.

Team karaoke finished the night with group singing and dancing.

Lots of fun and chocolate Easter bunny prizes for the best teams. Most let their hair down and their masks as well.

Look for a replay!

Thanks, Paul, for this submission.

Vice - Commodore's Report . . .

by Leigh Brown

vice.comm@dalhousieyachtclub.com

Reading through this month's BREEZE articles, I'm sure you can see that there is some great work being done and plans for future work is well under way. Our board of governors and flag have been working both in their director's role and in a club management capacity. Its been a long hard few years, but with every process document and policy we write, the closer we get to returning our focus to plotting out a future beyond tomorrows destination.

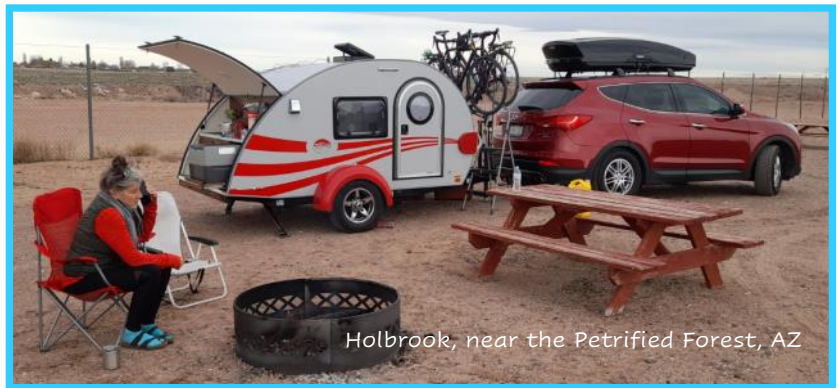

I'd like to take a moment and highlight one member who is very special to the club and is the reason you're able to catchup on all things DYC month after month. Patti-Jo and partner Doug Chambers. Doug you may not look like you're doing much 😊 but we know you give Patti-Jo the support she needs to keep doing what she loves working with me and the rest of the board, from no matter where you are in the world. Patti- Jo thank you for your commitment and passion for DYC, its members and all the work it takes to keep us growing strong.

Here's a great shot Doug took and sent me while I was on the phone with Patti-Jo discussing one thing or another relating to DYC. This picture says it all.

Ain't no one more dedicated to all of us than this gal.

Thank you Patti-Jo, we couldn't do it with out you.

Leigh

Holbrook, near the Petrified Forest, AZ

From the Editor's Desk . . .

Thanks, Leigh! Many of us know, there are several members that are incredibly involved in working together to make "all things DYC" run as best we can.

Our Members are AMAZING!

We're all doing our part ~ that includes you, Leigh!

Comments, corrections, additions, pictures? I'd love to hear from you!
