Ethan
Missing: Cole

Vision Statement: The Dalhousie Yacht Club is a friendly, safe and affordable boating community dedicated, to learning, respect for all, and enjoyment in all aspects of the sport of boating.

Commodore's Report . . .

by Lew Holloway

commodore@dalhousieyachtclub.com

We are having a very busy season at DYC. The Harbour Office is pumping record amounts of gas and diesel, staff are performing well under the supervision of our new Harbour Office Supervisor (Diederik) and we are continuing to receive compliments on the level of service and condition of the Club.

The restaurant has also been very busy due to great food, an excellent and caring staff and a significant increase in social memberships. This bodes well for the overall financial sustainability of the Club and allows the Board to plan for maintenance and improvements to the clubhouse.

Member volunteerism continues to be strong as is evidenced by the great work recently completed by Tommy Rees and Dave Bellhouse on Dock 122. Doug Chambers also contributed by welding in place four cleats to allow boats to tie up safely. The dock looks like new. Great job guys.

Vice-Commodore Leigh, with the help of Harbour Office staff member Evan, reacted quickly to reports of a person floating well outside the markers at the beach. Brutus was on site, but was not equipped to nor did they have the personnel on board to pull a person out of the water. Using the club Whaler, Leigh and Evan were able to successfully rescue the autistic young man (Ryan) and return him to his very appreciative and emotional father. The young man in question was wearing a life jacket and apparently got pushed out by the current and offshore wind. Other than being wet and cold, Ryan was fine thanks to Leigh's quick action and very effective handling of the situation. Well done Leigh and Evan, you make us all proud.

If you have been near the restaurant patio recently, you may have noticed the new chain and signage designed to guide visitors along the waterfront trail and away from the patio and harbour office area. This was becoming an increasing safety issue, especially for bicycles maneuvering through the crowded patio area and for visitors walking through the fueling area. Many thanks to Jeff Mackie for taking care of this.

Membership Director, Patti-jo Chambers, continues to do an excellent job of vetting and processing membership applications. This is one of the many jobs that she does so well.

Thanks to volunteer Don Evans, application has been made for a building permit for the new west side washrooms. Hopefully we will be successful in getting the permit to begin work this Fall.

House Director, Brian Fleming, could always use help with maintaining the clubhouse. There is always much to be done, so if you have time, please join the list of dedicated volunteers to significantly contribute to the continues success of DYC.

Happy boating,

Lew

Vice-Commodore's Report . . .

by Leigh Brown

vice.comm@dalhousieyachtclub.com

Hello DYC Members and Friends,

I want to take a moment to thank Tommy Rees, Dave Bellhouse and Doug Chambers for completing some dock work on A dock with new chain connectors that will keep the chains off our tender A dock water line and for the rebuild of Slip 122, just south of D dock by the Harbour Office. They could have just soaked up the sun, instead saw a job that needed to get done and made it happen. Thanks guys. Members, if you see something that you could lead a project to get done, please let me know.

I'm happy to report that the board although still keeping up with the big picture items, have for the most part been able to enjoy their boats and the summer, while our operational teams both in the club and harbour offices are managing the day to day. Thanks to Patti Fagan, Diederik van Dijk, Cameron Pael and the rest of the summer student staff. You guys ROCK.

I'm getting ready to shove off for another Lake Ontario adventure and if you follow me online, I'll try to keep a daily journal going but, no promises. I know there are others that will be or have already done the same, please remember to let the Harbour Office know the dates you will be away and returning by way of call, email or best yet online, its simple and quick. <https://mydyc.ca/index.php/my-sail-plan-list>

You would have seen the email from our Harbour Office about what they are trained and able to do with our club boats, and I wanted to echo some of what's there. Our club boats and HO staff are not equipped or trained to provide a tow service, BUT if a person or persons require assistance, then any able body should answer the call. Here's a true story and example of when we can and should use our club boats.

On July 27th 2022 – It was Wednesday Race Night and while our team was putting Pablo 2 in the water, there was some commotion on the west pier. Three men were calling out, and running after Brutus as they made their way out the harbour. Brutus stopped to talk to the men as they pointed to the water off the beach. A person was seen floating far outside the swimming area markers. I knew that Brutus was not equipped to, nor did they have the personnel on board to pull a person out of the water safely, so I met Evan (summer HO Staff) at the HO and asked if he would join me for a ride out to offer assistance.

We quickly grabbed lifejackets and motored the Whaler out of the harbour to the floating person in the water. Upon our arrival, Brutus was there and ready to deploy their life ring. I called out and asked that they wait a moment until I spoke with the person. Ryan, was a young twenty something year old man, who we later confirmed with his father, is autistic. He was wearing a life jacket and must have been floating in the water when the current and offshore wind pushed him out further then he could swim in on his own.

Evan and I asked if he was ok and if he would like us to pull him into the Whaler. He confirmed that he was not injured, but cold. We then pulled Ryan into the boat and sent Brutus off to the center mark to setup for our race.

Coming into the harbour a man was waving us down from the west pier and when we pulled up to him, he introduced himself as the young man's father. Ryan confirmed. We let Ryan off the boat to his father's care. His father told us that he attempted to swim out to him (evident by his clothing completely soaked) but, just could not get out as fast as the wind and current was taking Ryan. You could tell he was very upset as he began to tear up and choke on his words. We assured him that Ryan looked to be ok and was just cold, that he should take off his lifejacket now and get dried off.

Evan and I returned to the Dry Hoist where Evan let me off and took the Whaler back to dock.

Later that night as Pablo2 won our race, I thought two great things happened tonight. We may have saved a life and we certainly saved the race.

I must admit, I did feel a bit like these guys as we raced to the scene. 😊

See you on the lake,

Leigh

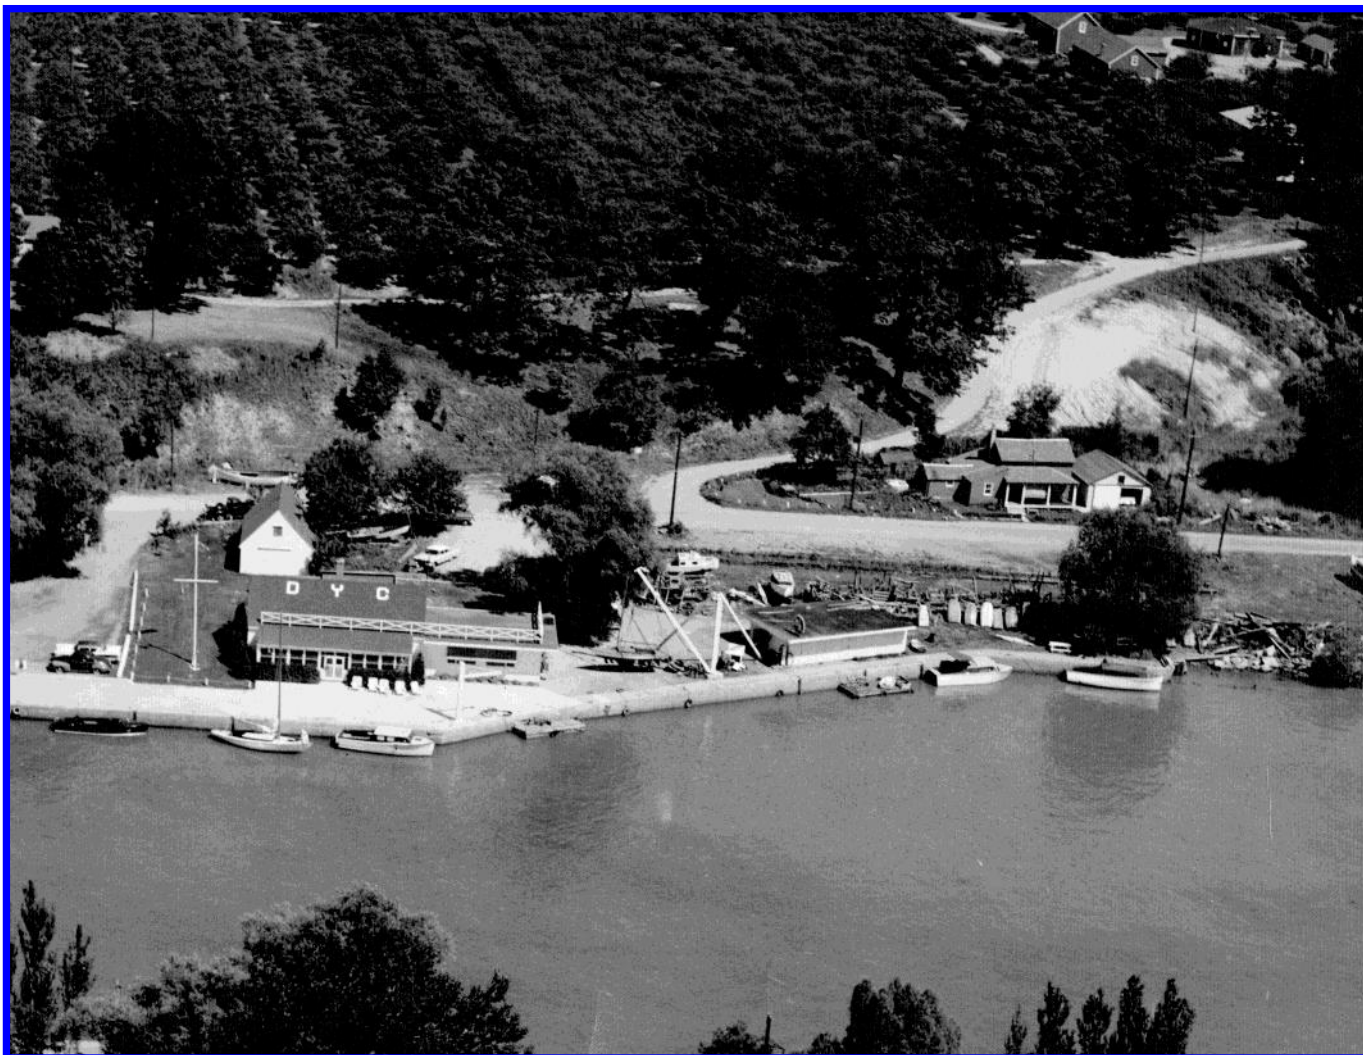

History Matters . . .

by Dan Sundy

history@dalhousieyachtclub.com

(Dates of visible cars was by Dave Bellhouse) Late 1950s or early 1960s.

Lounge to the north of dining room was built in 1957. The dinghy shed, (which later became Harbour Office) in 1958. Note the small dinghy crane in front of the new lounge.

Yard Chair's Report . . .

by Tom Schulz

yard@dalhousieyachtclub.com

FIRST OUT, LAST IN LAST OUT, FIRST IN

Yes, some of us are already planning for haul out, not that winter is close at hand, but there are some things that we need to know well in advance.

Boating members will very soon be receiving a request to review their information regarding boat, insurance and storage details.

The Thanksgiving Long Weekend is October 8th - 10th. We will be scheduling haul out on two weekends, the third weekend in October, the 15th and either the weekend before or the weekend after. Yet to be determined.

Hence, the question you will be asked "early or late" will help us to schedule this process.

Also, to facilitate travel lift movement, our preference is to place mast up sail boats in the south part of C Yard, therefore first out. So, try to factor this into your preference, keeping in mind, boats first out this fall, are last in, next spring. As well, last out this fall, means first in, in the spring.

Other yard projects in the works are; adding some gravel to the soft areas in C yard, upgrading electrical systems in yards and docks, and ongoing maintenance. We always appreciate offers of help, especially from those who have experience in these areas, or strong backs.

Enjoy boating the rest of summer and early fall. Keep safe.

Tom

Message from Docks & Digital . . .

By Thom Hounsell

docks@dalhousieyachtclub.com

digital@dalhousieyachtclub.com

**In case you missed this . . .
Thanks for signing into the new members' area!**

In June, I invited each member to sign into the new members' area and create a new password for membership. About 50 boating members did just that, and I thank each and every one of them for doing so. If you have yet to do so, please check your email for a message from admin@mydyc.ca sent about a month ago. It includes Sail Plans.

Now that the docks are full, it's particularly helpful to the harbour office to let them know that you'll be off the dock for one or more nights. One of the new functionalities in the new members' areas is an online tool for filing sail plans. Look for the "Add a Sail Plan" link in the members' area. The form takes seconds to complete and you can edit/delete your sail plans as you like.

Here's what the sail plan form looks like. Boat and member details are pre-populated. Remember to hit the "save" button.

A screenshot of a web form titled "My Sail Plans". The form has a header with a title and a short instruction. Below the header, there are sections for "Plan" and "Boat Info". The "Plan" section includes fields for "Departure Date", "Return Date", "Destination", and "Boat only to reach you". The "Boat Info" section includes fields for "Ship Name", "Boat Name", "LOA", "Beam", and "Member Name". To the right of the form is a "Members' Menu" with links like "Back to Public DYC Site", "Membership Roster", "My Profile", "My Boats", "Add a Sail Plan", "My Sail Plans", "Map of Slips", "Work Opportunities", "DYC Regatta", "Member Handbook", "Document Library", "Constitution & Bylaws", "Letters Patent", "Add Announcement", and "Add Job Article".

Filing A Sail Plan Helps the Harbour Office

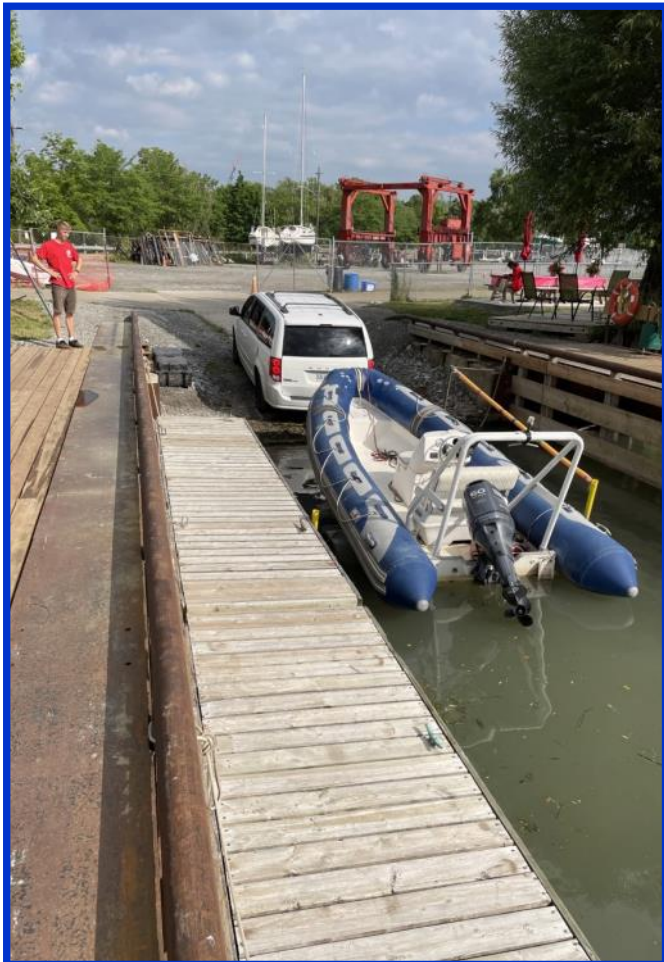

Your sail plans help the harbour office know where to put guest boats and how many more guests the docks can hold. On busy weekends, your sail plans may mean the difference in deciding whether we can take one more guest. So basically, you're a superhero for filing sail plans!

If not Online, then by Phone or Radio

The Harbour Office has the ability to file plans on your behalf. So, if it's not convenient for you to file a sail plan online, it's still a good idea to phone or radio the harbour office and let them know your away plan.

Drop me a line, if you need help,
Thom

Awesome Repair on the Dock 122, south of D! Many thanks ~ Dave Bellhouse & Tommy Rees!

B Dock ramp removed, new dinghy dock in action and the Whaler is back in action, too!

Message from Our Race Chair . . .

By Sean Furniss

racing@dalhousieyachtclub.com

sean.furniss@dalhousieyachtclub.com

Hello DYC

I've been having issues all season with trying to send communications to fleet. I would like to apologize for this and promise that smarter minds are working on this.

Upcoming events:

2022 DYC Poker Run Trophy Race August 6th at 11:00

Sailing Instructions are completed and will be communicated asap (refer to above note). The course is ~ 6.5 nautical miles and will have two poker card boats on the course. They won't actually give you a card because quite simply you'll be racing. They will flash you a card and you and them will record it. After collecting your two cards, and competing the rest of the race, you'll make your way to the clubhouse patio where we will enjoy each other's company and see who wins the poker hand (Texas Hold'em style). Emily has arranged for Muskoka Brewery to be in attendance.

I'm hoping to develop this into a charity type event and be power boat inclusive.

2022 DYC Cornucopia September 3rd

Sailing Instructions will be published by mid-August. Registration will be set up for then as well.

We will have 3-5 races with RC (Race Committee) and mark boat.

Dinner will be back at the clubhouse with a band, and tent party starting at 8pm.

We continue to work on details and will have more information as we get closer.

Please note we are looking for volunteers for the Race Committee for all our events. Training can be arranged. If you enjoy your time on the water, this is a very easy way to get out there. This year's Race Committee has advised me this will be their last year, so it would be great if we could start building next years' RC now. Our current RC has done an excellent job, and having them pass on their knowledge would go a very long way to continuing our great racing program.

I've learned a lot about the racing processes here, as well I'm enjoying my "getting comfy" phase at DYC. We're members of a great club, with great history. If you have any questions about racing, sailing or just wish to have a drink on the docks, please feel free to reach out.

Best, *Sean*

Learn to Sail . . .

by Kiki Klassen

sailing.school@dalhousieyachtclub.com

Learn to Sail

There are still spots to put your JR Skipper in lessons this summer. There are two Learn to Sail Sessions left, each session will have 4 classes and each class will have 8 spaces. I am looking forward to teaching your children this summer! 😊

Classes run from 10am - 2 pm at Lakeside Park in Port Dalhousie. No experience necessary!!!

Cansail 2 Saturdays in August: all ages must have completed Cansail 1
August 6th, August 13th, August 20th, August 27th
4 lessons total, cost \$400 plus HST

Cansail 1 Sundays in August: all ages
August 7th, August 14th, August 21st, August 28th
4 lessons total, cost \$400 plus HST

Sailing Lessons for Adults ~ I am doing sailing lessons for adults this summer on a very limited, first come first serve basis. Lessons will be one on one in the Laser Pico on Wednesdays from 10-12. Lessons will cost \$150. I will be opening up more spots as they fill.

Availability at the moment is: August 10th, August 17th, and August 24th.

Send me an e-mail if you would like to reserve any of these spots and I will follow up with more detail. I look forward to getting on the water with you!

Contact - me at: lts@dalhousieyachtclub.com for sign ups!

Kiki
